## Competition Format and Rules

Formato y reglas de la competencia / Format et règles de compétition

As of SAT 17 SEP 2018

### Youth Olympic Competition Format

There are two events in the Sport Climbing competition at the Summer Youth Olympic Games Buenos Aires 2018: Women's Combined and Men's Combined.

NOCs can enter a maximum of two men and two women for a total of 20 men and 20 women, 40 athletes in total.

### Women's and Men's Combined

At the Summer Youth Olympic Games, athletes compete in three disciplines that are combined in a single ranking to decide the Women's Combined and Men's Combined medals

The athletes compete in two phases, Qualification and Final, each of them including Speed, Bouldering and Lead.

In each phase, a combined ranking is calculated based on multiplying ranking points allocated to the athletes in each discipline.

At the end of the qualification phase, the first six athletes of the combined ranking (lower points system) will progress to the Final. The athlete with the lowest number of combined points after the Final will win the competition. Points are not carried over from the Qualification phase to the Final phase.

Bib numbers are attributed based on the YOG Seeding List (best ranked first) and remain the same throughout the competition (no reallocation).

- Speed:
  - The aim of Speed is to be the fastest to reach the top of a 15m high wall
  - Men and women compete on identical routes which are not modified between rounds
  - The athletes compete (run) in pairs on identical routes
- Bouldering:
  - The Bouldering competition will be organised on 4.5m structures (boulders) equipped with safety mats
  - The aim of Bouldering is to solve (complete) the most problems (routes) on four boulders in the least number of attempts over a given period of time
  - Depending on the wall shapes, the course setters will set courses requiring different skills from the athletes on each boulder such as technicality, power, coordination or balance
  - Different problems are set for men and women
  - The problems are reset between the Qualification and the Final
  - There is no problems observation during the Qualification
  - During the Final, athletes can discover the problems during a collective observation time (eight minutes), but may not attempt the problems
  - Athletes are kept in an isolation room before they perform their attempt "on sight"
  - The Bouldering ranking is decided by the number of problems solved. The athlete to solve the most problems is ranked first.
  - One zone (represents half problem) hold is set per problem
  - The Bouldering ranking is based on: 1. Number of tops reached, 2. Number of zone holds, 3. Number of attempts to top
  - 1T 1z 1A is the score of an athlete who reaches the top ("T") on his first attempt ("A"), and has climbed until a zone ("z") hold
  - The number of attempts ("A") is counted for Tops only. The number of attempts for Zone is used as a tie breaker
- Lead:
  - In Lead, the aim for the athletes is to reach as high as possible in an individual attempt on a 15m wall
  - The athletes have a limited amount of time (six minutes) for their attempt

- The Lead ranking is set based on the height (hold number) achieved by the athletes. An athlete receives a "+" added to his score if he is moving in the direction of the next hold when falling off the wall.
- Athletes can discover the route during a collective observation time (six minutes), but may not attempt the route
- Athletes are kept in an isolation room before they perform their attempt "on sight"
- The routes are modified between the Qualification and the Final
- Men and women athletes have different routes
- Qualification phase:
  - Speed:
    - Each athlete has two attempts, one on each of the two lanes (A or B), in which to achieve the fastest time possible (best time of A & B)
    - Start order: The first half of the start list start on lane A for their first attempt, the second half on lane B. The starting order for the left lane (lane A) shall be in the reverse order of the qualification seeding. The starting order for the right lane (lane B) shall be in the reverse order of the qualification seeding, beginning at the half way point of the seeding list.
    - In case of false start, the athlete is ranked last of the qualification
  - Bouldering:
    - Athletes are given five minutes in which to attempt each problem in turn, with a five minute break between each problem
    - Athletes compete simultaneously on the four boulders (e.g. after his first boulder and rest period, the first athlete goes to second boulder while the second athlete competes on the first boulder)
    - Start order: The start order is based on the reverse order of the YOG Seeding List
  - Lead:
    - Start order: The start order is based on the reverse order of the YOG Seeding List
- Final phase:
  - Speed:
    - Depending on their time during the Speed Qualification, athletes will face off in pairs (the 1<sup>st</sup> against the 6<sup>th</sup>, the 2<sup>nd</sup> against the 5<sup>th</sup>, etc.) in the quarterfinals (three pairs, winners plus one lucky loser - the loser with the best time - will progress), semifinals (Semifinal 1 and Semifinal 2 - with the lucky loser progressing to the 1<sup>st</sup> Semifinal) and finals (Small Final and Final)
    - The best qualified athlete competes in lane A
    - After the bracket of six, athletes who did not qualify to the semifinals will be ranked according to their time
    - In case of false start or fall, the athlete will be recorded as having no valid time for the run in which it occurred and lose the run.  
If neither athlete has a valid time before the Final, tie-breaking rules will determine which athlete will progress.
    - Final classification: Final round results followed by 5<sup>th</sup> and 6<sup>th</sup> of the Quarterfinals - by time
  - Bouldering:
    - Six athletes should complete a four-boulder circuit. They all complete boulder 1 before moving to boulder 2, and so on.
    - The athletes are given four minutes during which to attempt each problem in turn
    - Athletes compete in sequence on the four boulders (e.g. all complete first boulder before moving to the second one, etc.)
    - The start order is based on the reverse order of the combined ranking after Speed

- Lead:
  - The starting order is the reverse of the combined ranking after Bouldering, with the highest (best) ranked athlete starting last

### **Differences between the IFSC Youth World Championships and the Summer Youth Olympic Games**

In the IFSC Youth World Championships medals are awarded in each of the events Lead, Bouldering and Speed - for both women and men.

The number of athletes are much higher at the IFSC Youth World Championships than at the Summer Youth Olympic Games.

### **Changes since the Summer Youth Olympic Games Nanjing 2014**

Sport Climbing is on the programme for the first time in Buenos Aires 2018.

### **Sport Rules and Procedures**

#### **Tie Break Rules**

- Refer to the IFSC Rules for details
- If two or more athletes are tied in a discipline, their ranking point shall be equal to the average ranking of the tied athletes, e.g. where there are 4 ties at 8<sup>th</sup> place then the ranking points awarded to each tied athlete will be equal to  $(8 + 9 + 10 + 11) / 4 = 9.5$ .
- Speed:
  - Qualification:
    - If athletes are tied by time after two runs, the tie will be broken by their second result. If they remain tied, their points will be averaged as described above and the athlete with the lower bib number will be listed first.
    - If neither athlete has a valid time after two runs, or if they remain tied, they will be considered as equal in the ranking
  - Final:
    - If both athletes have no valid time the race will be re-run
    - If athletes are tied by time, the tie will be broken by comparing their best time from the Qualification. If they remain tied, by comparing their second best time. If still tied, the race will be re-run.
    - If athletes remain tied, then by comparing their combined rank from the Qualification
- Bouldering:
  - Qualification:
    - In case of ties after completion of the fourth problem (same number of tops, same number of zone holds, same number of attempts to tops), the athlete's number of attempts for zone shall be compared, the less attempts being the best (see IFSC rules for complete details)
    - If athletes remain tied, they will be considered as equal in the ranking and be awarded averaged points
  - Final:
    - In case of ties after completion of the fourth problem (same number of tops, same number of zone holds, same number of attempts), the athlete's total number of attempts for only the zone holds will be compared. The less attempts being the best (see IFSC rules for complete details).
    - If ties remain after all previous criteria have been applied, the Bouldering qualification ranks will be used to break the tie
    - If athletes remain tied, they will be considered as equal in the ranking and be awarded averaged points

- **Lead:**
  - If two or more athletes are tied on scores in the Qualification phase (including "+"), the athlete with the fastest time will be ranked higher. If still tied, the athletes will remain tied and their points averaged and the athlete with the smaller bib number list first
  - In the Final, if two or more athletes are tied on scores (including "+"), the athlete with the fastest time will be ranked first. If the tie remains, the tie will be broken by their Lead qualification score (including « + »). If still tied, the tied athletes will share the same rank and be awarded averaged points.
  - If athletes remain tied, they will be considered as equal in the ranking
- **Combined ranking:**
  - Qualification:
    - In case of ties after the Qualification, ties are broken by the ranking in each discipline (e.g. if athlete A has beaten athlete B in two of the three disciplines, athlete A will be ranked first)
    - If they remain tied, the athlete with the lower bib number will be ranked first
  - Final:
    - In case of ties after the Final, ties are broken by the ranking in each discipline
    - If any athletes remain tied, ties are broken by the combined ranking after qualification
    - If they remain tied, the athlete with the lower bib number will be ranked first

### Penalties / Disqualification Rules

An athlete may receive a Yellow Card for any of the following infringements of the rules:

- Failure to obey any instruction by the Jury President or the IFSC Judge
- Failure to comply with the rules and regulations governing equipment and clothing
- Failure to wear the starting number bib provided by the competition organiser
- Non-participation of the medallists in the award ceremony
- Use of obscene or abusive language or behaviour of a relatively mild nature
- Unsportsmanlike behaviour of a relatively minor nature

The issue of two yellow cards to the same person in one competition shall result in the disqualification of the person from that competition.

The Jury President alone shall be authorised to disqualify a person from a competition. The disqualification shall be accompanied by the display of a Red Card.

The following infringements of the rules shall result in a Red Card and the immediate disqualification of the person from the competition without further sanction:

- Observing the routes from outside the permitted Observation Zone when any Isolation Rules are in force
- The use of non-approved equipment
- Unauthorised use of any device capable of communication while in the Isolation Zone or in other restricted area
- Gathering information regarding a route which the athlete is to attempt beyond that which is permitted by the competition rules. For the avoidance of doubt, in competition rounds where the Isolation Rules do not apply, athletes may receive information from other team members who are outside the Competition Zone both prior and during their attempts.
- Gathering and/or communicating information to other athletes beyond that which is permitted by the competition rules
- Distracting or interfering with any athlete who is preparing for or is attempting a route
- Failing to comply with the instructions of the judges or organisers or IFSC officials
- Refusing to conform with the advertising regulations governing clothing and equipment
- Unsporting behaviour or other serious disturbance during a competition
- Abusive, threatening or violent behaviour to IFSC officials, organisers, team members (including athletes) or to any other person

### **Protests / Appeals**

Appeals are allowed according to the IFSC Rules - for example related to safety, technical incidents and the scoring of an athlete. The Jury President shall (or, if the Jury President was involved in the original decision, the IFSC Technical Delegate shall) act immediately to address the appeal.

## Competition Schedule

As of FRI 5 OCT 2018

Date	Start Time	Estimated Finish Time	Event
SUN 7 OCT	09:00	09:32	Women's Combined, Speed Qualification
	11:00	13:20	Women's Combined, Bouldering Qualification

#### Note:

Total points are calculated by multiplying the points received in each phase. After three event phases, the athlete with the lowest number of points wins the competition.

#### Ties are broken by:

1. In case of ties after the Qualification, ties are broken by the ranking in each discipline (e.g. if athlete A has beaten athlete B in two of the three disciplines, athlete A will be ranked first)
2. If they remain tied, the athlete with the lower bib number will be ranked first.

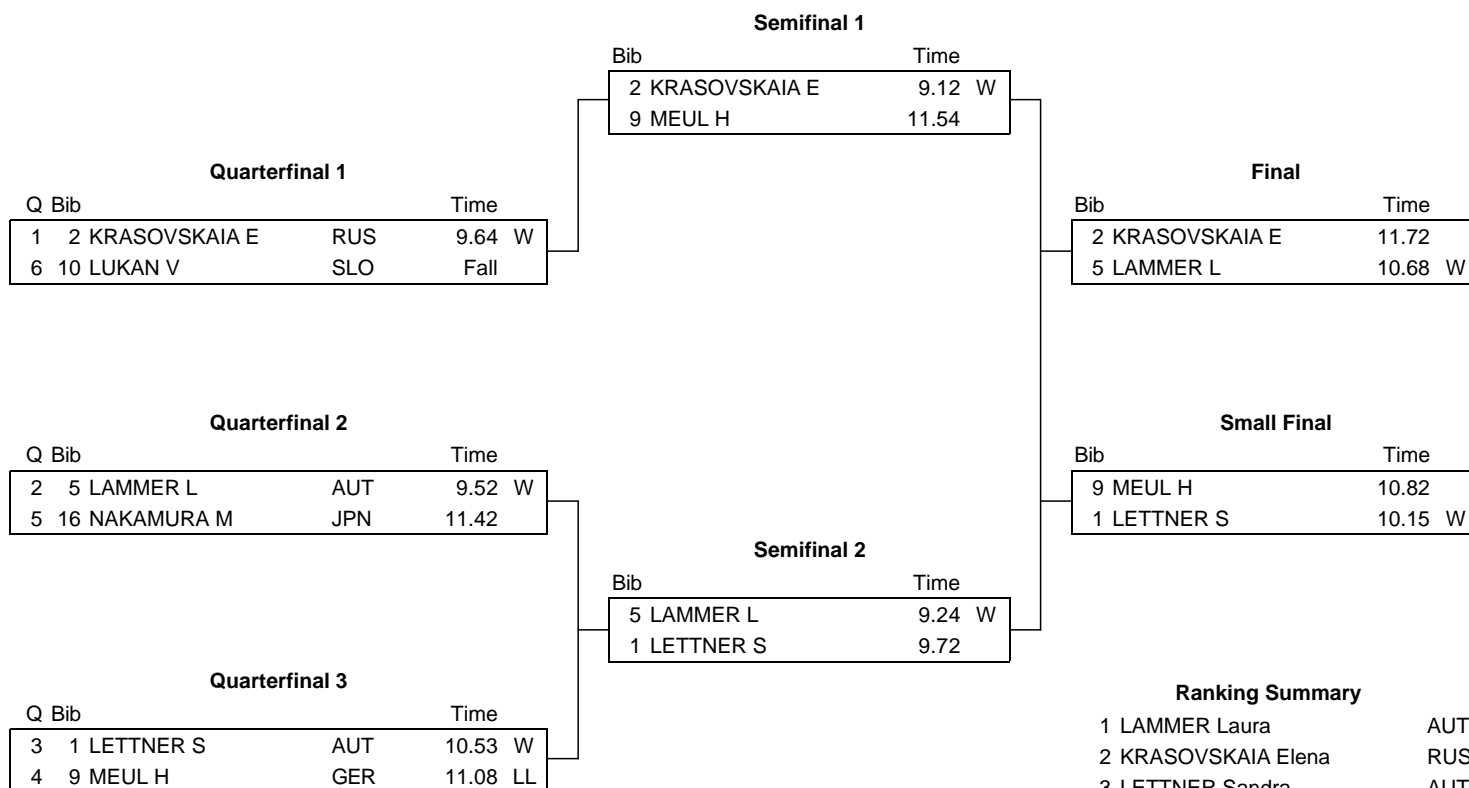

#### Legend:

Q Qualified

## Brackets

Quarterfinals	Semifinals	Finals
---------------	------------	--------

**Progression system:** The winner in each heat advances to the next phase. The winners of the Quarterfinals and the loser with the best time (lucky loser) qualify to the Semifinals. The winners of the Semifinals qualify to the Final. The losers of the Semifinals qualify to the Small Final.

<b>Note:</b>		
The athlete listed first in each heat will run in lane A (left). The athlete listed at the bottom in each heat will run in lane B (right).		
<b>Legend:</b>		
LL	Lucky Loser	W
Q	Rank from qualification	Winner of the heat

#### Note:

Total points are calculated by multiplying the points received in each phase. After three event phases, the athlete with the lowest number of points wins the competition.

#### Ties are broken by:

1. In case of ties after the Final, ties are broken by the ranking in each discipline (e.g. if athlete A has beaten athlete B in two of the three disciplines, athlete A will be ranked first)
2. If any athletes remain tied, ties are broken by the combined ranking after Qualification
3. If they remain tied, the athlete with the lower bib number will be ranked first.

## Medallists

Medal	Name	NOC
GOLD	LETTNER Sandra	AUT - Austria
SILVER	LUKAN Vita	SLO - Slovenia
BRONZE	LAMMER Laura	AUT - Austria
